Holiday Special!
RACING SET
 American Flyer by Gilbert

CARS MAY CHANGE LANES IN MID-RACE!

Famous A. C. Gilbert, "Which Lane?" Chicane Auto Race. The new Oval Race, it enables cars to change lanes, but you never know whether they will or not. Each driver operates his own car, independently in either lane, side by side or bumper to bumper, with Gilbert's exclusive roadway system. The set includes 2 flyer cars, both electric powered, and remotely controlled, 12 sections of curved roadway, 2 sections of straight roadway, 1 plastic fence and 2 accelerated speed controls, U.L.

Lucky Hiram's STORES HOME CENTERS

... College
 (Continued from Page 50)
 ogy under a National Science Foundation Grant.

PRIOR TO HIS work at El Camino, Dr. Long has been active in industrial chemistry and more recently has been a member of the scientific committee to the Air Pollution Control District of Los Angeles County.

Chemistry 8, the second organic course to be introduced this spring semester, will be a one semester lecture-survey that offers the student an overview of modern concepts in the field.

Classes will meet Monday and Wednesday from 6:30-8:00 p.m. and will begin Wednesday, Jan. 30.

ALSO DESIGNED around the structural and reaction-mechanism approach, the lecture program is supplemented by appropriate demonstrations.

Prerequisite for Chemistry 8 is a one year college-level general chemistry course with a grade of "C" or better.

James Campbell, five year member of the El Camino faculty, who has had industrial experience as a chemist and engineer, will present the course.

Firm Makes \$15 Million Tax Payment

One of Los Angeles County's biggest single taxpayers — Southern California Edison Co. — presented its check for \$15,108,050.02 Monday as the first installment of local property taxes for 1962-63.

Along with the next installment which will be paid next April, the total property taxes for the investor-owned electric company in this county alone will reach \$22,238,934.33, according to L. E. Jenkins, Edison's district manager.

More than half of this amount goes directly to the support of public schools in Los Angeles County.

Combined Edison property tax payments for 1962-63 in 13 counties of central and southern California will total \$44,008,703.28, he reported.

"Taxes are still our largest single item of expense, amounting to 25 cents out of every dollar of revenue," he said. "Edison's tax payments to all levels of government last year totaled \$83,861,032."

spring semester at El Camino College will be Jan. 10, 15 and 17 from 3-4 and 5-7:30 p.m.
